## Introduction to ELF

In this 2 day course, students will learn about the ELF object file format and how to manipulate it.

Specifically, students will:

1. Learn about the ELF file format structure.
2. Learn about program linking and loading.
3. Protect and unprotect ELF binaries.
4. Inject shellcode into ELF binaries.

**Prerequisites:** Competency in C and Python.

**Format:** Lectures and Labs.

**Hours:** 9am – 5pm.

**Duration:** 2 days.

**Catering:** Provided.

**Cost:** \$2000 (inc GST).
